

24th January 2018

Lucy Stuyfzand Reference: To whom it may concern

Lucy undertook her internship program with Blue Sky Design Group from 1st September to 1st December in 2017. She spent a total of 3 months working in the studio contributing to our ongoing design projects, 3D visualisation and an in-depth experience design project. Lucy demonstrated her ability to work competently and independently as a team member on a variety of tasks assigned to her in various areas of design.

Lucy has a good understanding of industrial design and experience design and shows considerable aptitude in the area of idea generation and innovation in service design. She is very capable in the preparation of thorough concept design presentations and made a valuable contribution to projects being undertaken within the studio. She also showed a willingness to embrace Blue Sky's methodology.

Everybody in the studio enjoyed having Lucy involved in our projects and she proved herself to be willing and helpful in all situations.

We wish Lucy every success with her career and look forward to the possibility of working together with her at some time in the future.

Yours Sincerely,
